

Tehran University of Medical Sciences, International Campus
Office of Vice Dean for Student and Cultural Affairs

WARNING

TUMS stands strongly against the use of any kind of illicit drugs.

If students are found to be using drugs or if other students report to us that drugs are being used in a unit and this is proven, the guilty student will be immediately expelled from the dormitory and a case will be filed against him in Disciplinary Committee. It is possible that this disciplinary case can lead to educational problems, residence problems and even expulsion from the country for them.
