

## EDUCATION & TRAINING

### **Neuropsychology Fellow 2002-2003**

Utah State University, Center for Epidemiologic Studies, Logan, UT.  
Cache County Study of Memory, Health & Aging.

### **Ph.D. in Clinical Psychology 2002**

Drexel University, Neuropsychology Program, Philadelphia, PA.

### **Clinical Internship, Neuropsychology Track 2001-2002**

Brown University Training Consortium, Providence, RI.

### **MS in Clinical Psychology 1999**

Drexel University, Neuropsychology Program, Philadelphia, PA.

### **BS in Psychology 1995**

Lewis & Clark College, Portland, OR.

## LICENSES & CERTIFICATIONS

State of Utah, Psychologist, [License # 5214102-2501](#), since 2003

[PsyPACT](#) since 2023: practice in 33 USA States.

Certified [Cogmed](#) working memory intervention provider, since 2011

[Certified Evaluator of Health Care Professionals](#), Calif. Public Protection & Physician Health, since 2014

Alliance Française [DELFL Level B1+](#) Exam passed 2017. (Independent in comprehension & expression.)

IN PROCESS: American Board of Professional Psychology, Clinical Neuropsychology (ABPP-CN).

Passed credential review 2017,  
Passed written exam 2018,  
work samples under review, oral exam pending.

## CLINICAL EXPERIENCE

### **Clinical Neuropsychologist: August 2023 to present Minder Memory Clinic, PsyPACT states in USA**

Conducting focused home-based teleneuropsychology assessments & collaborating on personalized cognitive care plan development which aligns with patient & care partner goals.

### **Clinical Neuropsychologist: April 2018 to May 2023**

#### **Rocky Mountain Neurology/Multiple Sclerosis Clinic, Salt Lake City**

Assessing outpatients, developing and monitoring cognitive care plans.  
Developed & implemented "Living Well with MS" courses: Everyday Matters: The Science of Happiness; Writing for Wellness; Brain Builders. Recruited colleagues to teach meditation & physical therapy with Zoom.

### **Clinical Neuropsychologist: March 2004 to present**

#### **Intermountain Health, Salt Lake City, Utah**

Assessing outpatients, developing and implementing cognitive care plans which align with patient and care partner goals. Interdisciplinary assignments in outpatient settings include:

#### **2020 to present: Pulmonary Medicine**

Developed screening and care navigation pathways for people living with post-acute sequelae of SARS-CoV-19 (PASC or long Covid).

Developed a focused neuropsychological assessment protocol delivered via telehealth to patients living with PASC referred for cognitive and wellbeing concerns.

#### **2011 to 2018: Internal Medicine (Primary Care)**

Supported primary care physicians as a specialist in a Medical Home with patient assessment and feedback, and consultation with care managers.

Developed a 6-week group intervention for patients and care partners affected by Mild Cognitive Impairment: The Brain Builders.

Active contributor to Intermountain Health's Neurosciences Clinical Program, developed a Care Process Model for Dementia in 2016.

#### **2004 to 2010: Geriatric Cognitive Clinic**

Participated in interdisciplinary assessment of suspected dementia.

Conducted family feedback: education about diagnosis & collaborating on cognitive care plans aligned with patient & family values & goals.

#### **2004 to 2007: Rehabilitation Neurospecialty Unit**

Provided neuropsychological consultation to interdisciplinary teams and supportive counseling with inpatients and assessments to outpatients.

#### **Brain Injury Therapist- Field Staff / Job Coach, Sept.-Dec. 2000 MossRehab Hospital, Philadelphia, PA**

Developed & implemented strategies to compensate for cognitive & physical deficits with brain injury survivors returning to competitive employment with workplace support.

#### **Neuropsychology Technician, Sept. 1998- Sept. 1999**

#### **Thomas Jefferson University, Lankenau Hospital, Wynnewood, PA**

Conducted neuropsychological testing of adult and pediatric patients.

## CONSULTING & PROGRAM DEVELOPMENT

---

- Late Career Practitioners: Balancing Patient Safety and Physician Autonomy:** Assisting with recruitment and development of qualitative assessment regarding state of the art of hospital-based policies and physicians' attitudes about physicians of age. PI Tom Gallagher [Greenwall Foundation](#) (2019 to 2023).
- Banner Health:** Consulted with Corporate Medical leadership and interdisciplinary team on the development and implementation of Banner's Late Career Physician screening program, including staff training. Writing interpretative reports and recommendations and providing quality assurance of MicroCog screening results of physicians in their eighth decade (2019 to 2020).
- InterPRO Bioscience:** Providing expert consultation in development, validation, and implementation of patient-centered and physician-driven app ([MS Care Connect](#)) for those with neurodegenerative conditions (2016 to 2020).
- Berkeley Therapy Institute:** Providing second opinion interpretation on cognitive screening for Late Career Physicians for Physician Wellbeing Committees (2016).
- Intermountain Health, [Neurosciences Clinical Program](#), Cognitive Care Development Team, Regional Director:** Developing, implementing, and evaluating care process models, training internal medicine and family practice clinicians, care managers, and clinical support staff on best practices in cognitive care of older adults (2015 to 2016). Developed proposal for neuropsychology consultation via Telehealth outreach to rural primary care clinic.
- Intermountain Health and Center for Human Potential:** Developed, implemented, and evaluated The Brain Builders: a multi-modal intervention to improve working memory, self-efficacy, and brain health of older adults with Mild Cognitive Impairment (2014 to 2016).
- Intermountain Health and University of Utah Center for Alzheimer's Care Imaging and Research:** ProActive Dementia Care for Older Diabetics, Executive Committee Member (2014 to 2016). Principal Investigator for Intermountain Health site for [PCORI](#) applications. Coordinated analyses with informaticists. Engaged medical leadership to support the proposals.
- Brighton Snow Sports Academy:** Developed training experiences to develop ski and snowboard school staff and hone their pedagogical skills (2013 to 2016).
- Mentoring neuropsychology colleagues** as they created verbal learning and memory tests (modeled after the Philadelphia repeatable Verbal Learning Test) to detect mild cognitive impairment in Czech (2013-2015), Mandarin (2015-2016), Québécois (2023), and Farsi (2016 to present).
- Intermountain Health, Age 72+ Initiative:** Co-developed and facilitated implementation of policies and procedures for prospective cognitive screening for Late Career Physicians (2011 to 2020). Interpreted computerized cognitive screening of late career physicians (n = 154); coaching medical leadership on tricky medical staff work performance & wellbeing situations; facilitating comprehensive assessment of physicians with my network of colleagues.
- Digital Clock Drawing Consortium:** Site leader at Intermountain Health for multi-center patient registry which developed [award-winning](#) digital ink technology measures previously undetectable behaviors to screen for mild cognitive impairment, probable Alzheimer's disease, and variants of Multiple Sclerosis (2010 to 2015, when commercial development began).
- CHRU-Lille (France) Hôpital Roger Salengro, Hôpital de jour de Neurologie:** Consulting Clinical Neuropsychologist (2009). Evaluated patient with bilingual aphasia. Mentored colleagues on current assessments for executive functioning.
- Equitable Insurance:** Provided expert opinion on Long Term Care Insurance claim appeals; developed and facilitated staff workshop to hone empathy skills for those responding to LTC appeals. (2006 to 2007).

## RESEARCH POSITIONS

---

### Neuropsychology Fellow 2002 to 2003

#### Utah State University, Center for Epidemiologic Studies, Cache County Study of Memory, Health and Aging

Principal Investigators: Kathie Welsh-Bohmer, Ph.D. & JoAnn Tschanz, Ph.D.

Advised an interdisciplinary team to determine diagnosis of dementia/mild cognitive impairment/Cognitive Aging on hundreds of elderly participants.

Conducted data analysis and prepared manuscripts for a population-based, longitudinal study of prodromal dementia (n ≥ 1200). Refined cognitive protocol to increase sensitivity to mild cognitive impairment.

Supervised 9 field staff in prospective collection of neuropsychological data.

## Research Associate 1999 to 2001

**University of Pennsylvania, Cognitive Neurology**

Principal Investigator: Murray Grossmann, Ed.D., M.D.

Developed theoretical models to assess receptive & expressive affective prosody in fMRI and behavioral paradigms.

Coordinated Brain & Language lecture series.

## Research Assistant/Field Study Manager 1995 to 1997

**Occupational & Environmental Toxicology**

**Oregon Health Sciences University, Center for**

Principal Investigator: W. Kent Anger, Ph.D.

Administered computerized and traditional psychosocial and neuropsychological tests to military veterans of the Persian Gulf Conflict, and orchard workers who were at-risk for early-onset Parkinson's Disease.

Coordinated a field study that examined the physiologic, cognitive, and motor functioning of nuclear tank waste remediation workers.

## TEACHING & MENTORING

---

### **Utah Psychological Association: Developed & delivered courses for Continuing Education Credit**

- The Psychology and Neuropsychology of Multiple Sclerosis: 9 things every psychologist should know. (A half-day course: Oct. 2021.)
- Aging- A bio-psycho-social approach. (A full-day course: Sept. 2018.)

### **CLINICAL CLERKSHIP STUDENTS**

Sommer Thorgusen, M.S.- Neuropsychology Research Rotation, University of Utah, Clinical Psychology

Holly Rau, M.S.- Neuropsychology Clerkship, University of Utah, Clinical Psychology

Steven McCowin, M.S., J.D.- Neuropsychology Clerkship & Research Rotation, University of Utah, Educational Psychology

Matt Kraybill, M.S.- Neuropsychology Clerkship, University of Utah, Clinical Psychology

Katie Treiber, M.S.- Neuropsychology Clerkship, Utah State University, Clinical Psychology

### **Drexel University, Department of Psychology, Philadelphia, PA**

Teaching Assistant/Associate Sept. 1997 to Sept. 1998

Conducted lab sessions & developed course curricula for Abnormal (3 sections) & Intro. Psychology (11 sections).

Guest lectured for Abnormal, Introductory Psychology, & Introduction to Neuropsychology courses.

### **Lewis & Clark College, Department of Psychology, Portland, OR**

Teaching Assistant Spring 1994, 1995

## MID-CAREER TRAINING

---

Mini-Fellowship in School Psychology, 2017, Lille, France.

## INVITED COURSES FOR CONTINUING PROFESSIONAL EDUCATION CREDIT

---

Driving & Dementia. (co-presented with Heather Welch, OT/L, Drivability). Intermountain Health Care Occupational Medicine Grand Rounds February 14, 2006.

The Mother of All Relationships: How Health Care Providers Can Promote Lifelong Child-Maternal Health (and the consequences of not doing it). Sharing the Science of Infant Feeding Intermountain Health Care Lactation Workshop June 18, 2006.

The Mother of All Relationships: How Health Care Providers Can Promote Lifelong Child-Maternal Health (and the consequences of not doing it). Intermountain Health Care, Community Health Clinics Grand Rounds November 14, 2006.

Breastfeeding 411. Guest Lecturer, Essentials of Human Nutrition, Brigham Young University February 22, 2007.

Exercise as a Treatment for Mild-Stage Probable Alzheimer's Disease. CHRU-Lille (FRANCE), Réunion des neuropsychologues April 8, 2009

The Delis-Kaplan Executive Function System. Réunion des psychologues de pédiatrique, Paris, France June 30, 2009.

Exercise as a Treatment for Mild-Stage Probable Alzheimer's Disease. Utah Aging Alliance Conference, 2010.

Cognitive Care: Sharper Tools for Early Intervention (A Pragmatic Approach for Primary Care). University of Utah Medical School. September 2011.

Dementia Update 2012. Intermountain Health Urban Central Region Clinical Learning Days.

Dementia Update 2013. Intermountain Health Northern Central Region Clinical Learning Days.

Cognitive Screening to Identify Potential Driving Impairment (co-presented with Howard Leaman, MD & Heather Welch, OT/L, Drivability). Intermountain Health Sleep Medicine Grand Rounds, January 29, 2014.

Montreal Cognitive Assessment. Intermountain Salt Lake Clinic Internal Medicine Inservice. June 9, 2014.

Grow on Snow: Growth Mindsets. Professional Ski Instructors Association Training, Park City, UT, January 14, 2015.

[Personalizing Diabetes Care for those with Cognitive Decline.](#) Symposium, University of Utah Center on Aging Retreat, April 3, 2015.

[Dementia Update.](#) Intermountain Neuroscience Grand Rounds, August 12, 2015.

[Dad Did What? Framing and Addressing Inappropriate or Undesirable Behaviors.](#) (co-presented with Timothy W. Farrell, MD; Sara Gilloth, Psy.D; Miriam Beattie, DNP; Marilyn Luptak, PhD; Chairs Jensen, BS). Rocky Mountain Geriatrics Conference, September 1, 2015.

[Neurocognitive Screening of Late Career Practitioners.](#) Invited Workshop, California Public Protection and Physician Health, Oakland Workshop: Assessing Physicians of Age, November 21, 2015.

[Diagnosis and initial management of patients with cognitive decline and dementia: A care process model.](#) Intermountain Health Central Region Primary Care Clinical Program Learning Day, January 29, 2016.

[Neurocognitive Screening of Late Career Practitioners.](#) Invited Workshop, Western Regional Conference on Physicians' Well-Being, May 25, 2016.

[Health Care Systems, Malpractice Insurers, and Aging Physicians: Emerging Age-Based Assessment Practices.](#) Presentation at the annual meeting of the American Psychiatric Association, May 22, 2019.

[Prospective Screening of Late Career Physicians: Best Practices for this Growing Practice.](#) Invited presentation for annual meeting of the Coalition for Physician Enhancement at American Medical Association, Chicago, USA, October 3, 2019.
